*Member of the Board of Lectureship*

## **“HOW SPIRITUAL PERCEPTION BRINGS HEALING”**

**CO-SPONSORED BY FIRST CHURCH OF CHRIST, SCIENTIST,  
CARLSBAD-VISTA AND OCEANSIDE**

Practicing litigation law in France and the United States for several years informed Alex's practice of Christian Science. The law was not just his job, it was his passion. To Alex, being a good lawyer meant exercising the ability to think precisely and feeling a desire to help others get out of trouble.

*Alexandre Fischer, C.S.*

Gradually, he gave up his law practice to become a full-time Christian Science practitioner. Alex still works to help others “get out of trouble,” that is, to overcome a sense of limitation and to find freedom.

Christian Science helps us understand our relationship with God, infinite good, more clearly. Its teachings help us see Christ Jesus' message in a non-dogmatic way, bringing healing, harmony and freedom to our life.

Through healing and lecturing, Alex works to enable others to find this same freedom.
